

Molasweet Farm Pack

Description

Molasweet is palatant powder with similar taste and smell properties as cane molasses to add an attractive aroma and a sweet taste to animal feed. **Molasweet Farm Pack** is a ready to mix combination of Molasweet and carrier, bulked up to a manageable, rip and tip pack specifically designed for the ease of use for on-farm mixing of animal feeds.

Key Features

- Produced using ISO-Fusion technology.
- Totally homogeneous micro-sized particle.
- Attractive taste characteristics and a strong and distinctive cane molasses profile.

Key Benefits

- In terms of taste and smell profile, Molasweet Farm Pack can mimic the taste and smell profile of cane molasses.
- Molasweet Farm Pack will enhance feed palatability → stimulate feed intake.
- Masks bitter or unpalatable tastes associated with high levels of medications and minerals that may be present in the diet.

Target feeds and inclusion rates

Molasweet Farm Pack is packed in 500g individual units. Each unit consists of 160g Molasweet and the balance is carrier.

Bag size: 20 units.

Target Feeds	Inclusion rates
