

Sucram Farm Pack

SUCRAM[®]

Sweetening Palatants

Description

Sucram is a high intensity sweetener developed to enhance the taste in specialty piglet starter feeds, calf and feedlot starter rations.

Sucram Farm Pack is a ready to mix combination of Sucram and carrier, bulked up to a manageable, rip and tip pack specifically designed for the ease of use for on-farm mixing of animal feeds.

Key Features

- Sweetening palatant, produced using ISO-Fusion technology.
- Totally homogeneous micro-size particles with distribution and flow-ability properties.
- Approximately 540 times sweeter than sugar.
- Sugar like, clean long lasting sweet taste with excellent mouth feel.

From heterogeneous to homogeneous

Key Benefits

- Enhances feed palatability → stimulates intake.
- Masks bitter or unpalatable tastes associated with high levels of medications and minerals.

Target feeds and inclusion rates

Sucram Farm pack is packed in 500 g individual units. Each unit consists of 200 g Sucram and 300 g carrier.

Bag size: 20 units

Target Feeds	Inclusion rates
Piglet, growing and sow diets	1 unit/ton
Feedlot starter diets	1 unit/ton
Calf Starter diets	1 unit/ton
